

Document No: GPL HR 106

Policy Name: Child Labor Policy

Responsible Function/Business Segment: Human Resources

Effective: 01.04.2022

Coverage: Global – All employees

Policy Overview & Objective

FPS Code of Conduct requires the directors, officers and employees of FPS and each of its affiliates (collectively, “FPS”) to observe and obey all applicable laws, rules and regulations at all times, including those in relation to the protection, welfare and health & safety of children.

As a responsible corporate citizen, FPS does not tolerate the use of child labor or other acts that violate labor laws or fair employment practices such as, but not limited to – forced labor, human trafficking and exposing children or young workers to hazardous work.

FPS acknowledges that each country may have specific rules and laws that govern the employment of children or young workers. It is the intent of this Policy to recognize those differences and to ensure that the applicable laws addressing such employment are followed per the requirements of each country.

To the extent this policy does not comply with country law or an applicable labor agreement, the requirements of such law or agreement shall be followed. Questions regarding this policy should be directed to your manager/supervisor, your Regional Human Resources Department or the Responsible Corporate Function or Business Segment.

The Policy

Prohibition of Child Labor and Other Illegal and/or Unfair Employment Practices

In line with the worldwide movement against child labor advocated by organizations such as the ILO* and the OECD**, FPS does not and shall not employ children under age of 16 and/or allow children between age 16 and 18 (“young workers”) to be engaged in hazardous work. If a national or local law or regulation is stricter and, respectively, prescribes a minimum working age greater than 16 years, or imposes additional restrictions on activities such as hazardous work, such stricter national or local laws and regulations shall be complied with and prevail over this Policy. If young workers are employed, FPS shall ensure that this work does not preclude their education and schooling.

**The International Labor Organization which is the specialized agency of the United Nations dealing with labor issues such as international labor standards and social justice.*

***The Organization for Economic Co-operation and Development (OECD) whose mission is to promote policies that will improve the economic and social well-being of people around the world.*

Implementation within FPS and in Relation to FPS’s Business Partners

All FPS employees have the responsibility to implement and ensure compliance with this Policy. Children who work in violation of this Policy shall be removed from the workspace immediately to enable them to return to school to complete their education. Young workers who work in violation of this Policy shall be moved to a different position which complies with this Policy and takes into account their vulnerable situation and educational needs.

FPS employees and management are responsible for making the standards of this Policy known to FPS’s business partners (such as, but not limited to, suppliers and sub-contractors) prior to the establishment of any contractual relationship. If a violation of this Policy by a business partner is detected, FPS shall discuss and take immediate measures with the relevant party to remedy any non-compliance. If a supplier/sub-contractor or other business party refuses to cooperate or, despite remedial actions, fails to consistently meet the standards set forth in this Policy, FPS is entitled to take measures to terminate its relationship with such party.

Any violation of this Policy must be reported to local Management, Human Resources, Legal Department or FPS Ethics Hotline.

The Procedure

n/a

References

Please see the related **Human Rights Policy (HR 104 – Global)**.

FPS Ethics Hotline – An option for reporting concerns confidentially and anonymously where permitted by law.

This service is available 24 hours a day, 7 days a week in all FPS Countries.
